An award winning artist, Jennifer Stone has been painting for over 25 years. Her expressions are primarily water media, and feature unconventional methods to enhance design, color, and texture. The art she creates is typically abstracted, or non- representational and reflects Jennifer’s own unique interpretation of our world. Mixed media is Jennifer’s preferred medium at this time. Her curiosity in creating her own handmade collage papers has launched a new workshop that she teaches and has been well received by other mixed media enthusiasts. Jennifer’s singular style has earned her numerous awards and countless admirers. Her accolades include both state and national titles, with her work displayed in private and corporate collections internationally.
